Violin Recital To Be Presented By Hornowski

By Otis Perkins

Edward B. Hornowski, violinist, will be heard in a three-part sonata recital in Memorial Hall Sunday at 4 p.m.

The first number on the program will be "Sonata No. 4 in D Major" by George F. Handel. A good example of the eighteenth century Baroque Sonata-form, this work is characterized by a slow introductory movement, contrapuntal allegro, lyric third movement, and a dance-like finale. It is the most popular of Handel's sonatas written for violin and piano.

Sonata By Franck Included

As part two of the program, Mr. Hornowski will play Cesar Franck's "Sonata in A Major." Although this is the only sonata for violin and piano written by Franck, it is considered by many to be the greatest work of this type ever written. Completely integrating the two instruments, the sonata is a favorite in concert repertoire music, and typifies the free emotional expression of the Romantic period.

The concluding work on the program will be "Sonata in C" by Paul Hindemith. Modern and original, this sonata is characterized by free organization of melodies, harmonies, and rhythms. Its formal design does, however, have a bond with the past, which is especially noticeable in the first and last movements.

Began Study At Five

Beginning his study of the violin at the age of five, Mr. Hornowski made his first public appearance as soloist at a student's concert when he was seven years old. At 11 he began a six-year study with Leopold Lichtenberg, a pupil of Weinawski. When he was 15 he organized and conducted the Chamber Music Ensemble of Brooklyn in weekly radio broadcasts. This same year he announced the formal opening of his violin studios in New York.

In November, 1930, Mr. Hornowski entered the Juilliard School of Music. He completed a four-year course in less than two years, and was graduated as a major in theory and composition in May, 1932. From 1932-41 he was full time teacher of violin, harmony, and theory, and a concert violinist. He was then appointed choirmaster at St. Stanislaus Kostka Church in New York, where he served for two years.

Served In Armed Forces

Entering the armed forces in February, 1943, his first assignment was with the West Point Army Band. Released from service in March, 1946, Mr. Hornowski returned to Teachers' College, Columbia University, where he received the B.S., M.A., and Ed.D. degrees with a major in music.

Peterson said that \$490,000 of the money would be used in the construction of the service building to replace the one destroyed by fire in 1946, the remaining \$300,000 will finance the addition of approximately 4000 seats to the south side of McLean Stadium and a new pressbox.

Movie Plan May Be Junked

The extension department sends word that the series of movies it has brought to the campus this year has not been meeting expenses and may have to be discontinued.

Films shown so far and those scheduled for the rest of the semester are top-flight shows, presented with regular movie theater equipment.

And everybody who has taken in one of them has enjoyed the shows and appreciated the idea of bringing them here. The trouble seems to be that not enough people are aware of them to make the venture break even.

High quality Hollywood re-releases and fine foreign films are not easily come by in Lexington, and should prove of great interest to students. Too, the easy walking distance to Memorial Hall, the early shows, and the low prices should appeal especially to Cooperstowners.

But so far the movies aren't paying their way. Spring is probably a poor time to have to test the last few scheduled presentations for popularity, but perhaps more students will sample the shows and keep the plan from being scrapped.

Snarl When You Say That

A somewhat bashful student slunk into the sub-basement of McVey Hall this week and said he wanted to place a complaint on record.

It seems he was trying to get into what he imagined is the spirit of things on SGA's "Hello Walk," and had murmured "Hello" to all passersby.

The box score on the results read: two probable nods (the persons might have had tremors, he added), three muttered something-or-other, seven unaltered sleepy expressions, one hollow laugh, and four glares of downright hostility.

Of course it was Tuesday morning, he conceded, and perhaps the 17 weren't at their best. Just the same he wishes to state that his feelings are hurt and that he will hereafter make his way across campus by way of the experiment station farm.

Presentations Appreciated

In backing the appearance of Margaret Webster's Shakespearean productions in town this week, UK's English department has brought the plays to the attention of many students who might otherwise have missed them.

And the arrival next week of the English poet Stephen Spender promises another fine program in the series of lectures the department has sponsored here.

Sponsoring such appearances is a service that has gained considerable response. It will be interesting to note what the program will be for next year.

Every Day Isn't Gloomy Monday Says Melancholy Script Writers

By Pollyanna Gay

"After all, not every day is gloomy Monday," croaks Dudley.

"No," Joan sighs drearily. "There's gloomy Tuesday, gloomy Wednesday, gloomy Thursday . . ."

But as far as UK's station WBKY is concerned, there's only one official day of mourning, and that's the first somber school day of every depressing week, a dismal day celebrated by the program "Gloomy Monday."

It's more of a wake than a celebration. Even the program's authors and originators, sophomores Joan Cook and Dudley Saunders, admit "it's the saddest show on the air."

So many people who agree started tuning in at 3:45 p.m. on their FM sets downtown station WKLX has agreed to let the young script writers share their melancholia with the masses at 8 p.m. every Monday, beginning

"Misery loves company," the authors claim. "And everybody's miserable on Mondays." Listening to "Gloomy Monday" seems to clear the cobwebs out of a depressed spirit. "It's an antidote to Mondays," they say sadly. "Sometimes listening gets to be a nasty habit, like a drug. But it's worth every mournful moment."

Anything For A Laugh

The program features weird interviews, odd situations, sad songs, bad news. Anything to entertain.

Such notables as Wolfgang Amadeus Mozart and Gineen Pearl McFish have been guests on the program. Mozart, long believed by many to be deceased, was discovered in a downtown bar, playing piano. Dud and Joan just happened to run across him one day when they'd forgotten to write a script, and they broadcast their interview with their

world-shaking discovery direct from the spot.

Miss McFish gave a short oration to all who would listen about her preparations for her forthcoming safari to Africa. Her harangue work-up into such a frenzied lamentation that the authors restrained her with difficulty.

Many other sad and strange characters have wandered through Studio A on Monday afternoons.

The whole jaundiced scheme first erupted, as might be expected, one grim Monday. Dud and Joan and most of their acquaintances had a habit of regarding Monday morning as something that should be ushered in with Chopin's "Funeral March."

Theme Is Funereal

Then a bitter inspiration struck: by simply placing a radio script between two performances of the "Funeral March," a means would have been found to spread the drums to hundreds of others. With the theme song and general idea figured out, the inevitable results—"Gloomy Monday"—was insidiously quick to follow.

FM radios being none to plentiful on campus, Dud and Joan at first had a very small audience, composed mostly of long-suffering but weak-willed friends who were dragged into the studio.

Gradually, through careless Fate, people happened to hear the show. Several wrote in to complain querulously that their already depressing Mondays were now completely ruined by "Gloomy Monday," and suggesting that the authors go jump in a slough.

In fact, the only hopeful note Joan and Dud have received has been from a Lexington housewife who informed them that at first

Letters To The Editor

Editor, Kentucky Kernel:

In the April 4th issue of the Kernel, an editorial, written by you, appeared expressing disapproval of the series of exhibitions by our four graduating basketball players.

I would like to explain to the student body that this editorial in no way expressed the views of the sports editor, nor any of the others on the sports staff of the Kernel. In fact it was quite the contrary.

I feel that these exhibitions have not been detrimental to the prestige of the University or the players. Rather it has helped spread the fame of the basketballers and the school. Hundreds of people in Kentucky have now been able to see the Wildcats play who would never have had the chance without these exhibitions throughout the State.

TOM DISKIN,

Sports Editor

(A great many students agree with you. But an excerpt from the St. Louis Globe-Democrat, written before the barnstorming started, shows what we mean by giving outsiders the chance to criticize: "Has anybody inquired whether some of the players on the University of Kentucky basketball team are interested in getting a degree?" the writer, Bob Burns, asks. "Or now that they have used up their collegiate eligibility, they are not concerned any more?" Sure, it's a St. Louis paper and it's sour grapes—but the column jumped at such a choice chance to criticize.—Ed.)

Stephen Saunier Dies On April 8

Stephen T. Saunier, 57, superintendent of the mining and metallurgical laboratory of the College of Engineering, died of a heart attack April 8.

Mr. Saunier suffered the heart attack as he was walking on West High Street, a short distance from his home.

"Steve," as he was familiarly known to the faculty and students of the College of Engineering came to the University in 1918 to teach blacksmithing and other vocational subjects to World War I soldiers in the University forge shops.

He was a metals expert and supervised construction of most of the wrought iron work on the campus. "Steve" was a native of Lexington, and received his education in parochial schools of Lexington. He was a member of St. Paul's Church, and of the Lexington Lodge of the Benevolent and Protective Order of Elks.

An honorary member of the Kentucky chapter of Triangle fraternity, he also received an honorary Kentucky Colonel's commission in 1945.

their program simply confused her, "but now it is becoming clearer in my mind."

To keep things clear in the scrip- ters' minds, the two alternate weeks writing the show. Both appear in it every week, along with such macabre guest artists as they can unearth.

Dank Atmosphere Liked

Usually the writing chore runs smoothly, but occasionally one author will disagree with the other's weekly script. Dud loves puns; Joar is fond of situational humor. But this occasional difference of opinion only makes for a still more ghastly and dank atmosphere in the studio.

Both sophomores are busy in radio and journalism, and spend a

good bit of their time illegally riding the freight elevator between the sub-basement Kernel office and the third floor radio studios.

Neither partner cares to predict how long the new downtown broadcast spot will last, but they plan to enjoy it dejectedly while they have it. "Our aim is to spread gloom," they state. "We have much in common with our listeners. You see, they too have to live through Monday."

They'll go even further than that in their high opinion of G.M.'s purpose. Dud once signed off the show with a solemn: "You cannot have a great state without 'GLOOMY MONDAY.'"

But by then most listeners were so choked with sobs to be able to refute the statement.

The Spice Of Life

By Jobie Anderson

'Twas quite an Easter parade, but a few people seem glad to be back. The Kappas got a clever surprise when they found the Easter bunny hadn't left any eggs—instead he made off with a nice lot of jewels 'n' stuff.

The races are the talk of the town this week. Several students are trying to float a loan following a bag of misfortune at the track.

We apologize to Bill Hoskins for leaving out a line at the end of our last column. It should have gone on to say that the gentleman in question is the big, bad wolf in Kitty Richardson's life.

Sadie McConathy has become a shuffleboard fiend.

Harold Cornett has a new alias—John Wayne.

Angie Schmitt is showing the sights this weekend to a friend from Louisville. The friend is a shapely blonde named Betty Sharp.

The Interfrat dance was a wallowing success—and the same goes for the KD ball at the Country Club.

Felix Martin combined a bit of education with fun over the vacation. At least he learned the difference between a train and a truck. He says the red lights at the crossing confused him, but anyway his car suffered.

Bill Davis is seeing a lot of Mary Frank Ward. Is it serious? Who gave Bobby Bonham the beautiful diamond ring?

Inconstant and constant twosomes: Truly Clary and Dave Chapman; Jo Ann Maloney and Tom Taylor; Lucy Dexheimer and Van Lester.

Information, please—will Wilbur Cox please tell us who Hazel is?

Tony Buccale (pronounce it to rhyme with mutual) just returned from an aeronautical jaunt to Texas. He says he would have stayed longer, but he ate two steers at three bucks a plate—tough on the pocketbook.

Bert Cox is an authority on the level of the water in the city reservoir.

Pinned: Babs Stewart and Jim Dixon; Jean Ewbank and Harold Rice; Frances Youtsey and Clyde Spears; Lila Dale Barrett and Ben

Jackson; Betty Wiley and Bill Morton; Ann Guthrie and John Prichard; B. J. Vaughn and Tommy Langston; Dodo Streckfus and Holmes Smart; Betsy Milton and Dave Holliday.

The Sig Eps have a huge jackpot on how long the Youtsey-Spears pinning will last. Who knows?

Engaged: Becky Noble and Ray Connor; Peggy Hewlett and John Young; Betty Hensley and Chuck Wills; Betty Catlin and Hub Spencer.

Married: Nadine Ankney and Bill Hill; Weary Ploch and Charlie Wachtman; Lorraine Grant and Roy Hall.

We thought the sky had fallen when Bobby Estill and Joyce Haynes got unpinned, but their little spat is all over and they're happily pinned again.

Tommy Langston is pinned, but it didn't keep him from calling other dames for dates over the holidays.

Lucia Bland and Jerry Inman are unpinned. Lucia gave the pin back the same day that her Pyramid Club paid \$6. This was the real \$64 question.

Welcome back, Andy Moats! That tan looks swell.

The SAE's are prepared to lose Harris Howard to the narcotic farm or the insane asylum. They thought the sad day had arrived when someone was carried out of his house on a stretcher and whisked away in an ambulance. This gives us a swell ending:

Nuts to you!

Sigma Chi Best-Dressed Contest, Fashion Revue Set For Tuesday

By Ruby Graham

An Easter parade in miniature—even if it is nine days late—is planned for Tuesday night when the Sigma Chis turn "French" and unveil the 1949 fashion picture. Sororities and fraternities will again compete for awards in the Best-Dressed Contest, which is sponsored each spring by Sigma Chi.

The theme is "April in Paris." The stage of Memorial Hall will be decorated to resemble the interior of a swank Paris designer salon.

Fashion Revue Precedes The Best-Dressed Contest will be preceded by the fashion revue at 7:30 p.m. Lyde Gooding will comment on costumes furnished by downtown stores and modeled by University students.

Stores Choose Models Bill Benjamin, chairman of the contest, said that the models were named by the stores participating in the revue. Fifteen stores are co-operating.

The rules for the Best-Dressed Contest have been changed somewhat this year. The type of costume to be worn has been specified as clothes suitable for an evening date here in Lexington. Contestants

are required to wear their own clothes. Last year's winners were Libby Reynolds, Kappa Alpha Theta, and Charles Pritchard, Sigma Nu. Miss Reynolds has held the title for two years and the Sigma Nus have won the contest for the last three years. However, the individual winners in previous years have been disqualified from this year's contest.

Judges Named Judges are O. E. Schoeffler, fashion editor of Esquire; Mrs. Marjorie W. Speakman, president and manager of Bird-Speakman, Inc. in Wilmington, Del., and noted fashion lecturer and columnist; and Alfred G. Powell, Lexington businessman. Mrs. Speakman is a special authority on Paris fashions.

A coffee will be held at the Lexington Country Club Tuesday afternoon from 3-5 for the contestants and judges. The contestants are requested not to wear the apparel which they will wear in the contest, because the judges will be able to form a better opinion as to the fashion and grooming tastes of the contestants by seeing them in different costumes.

Sorority Contestants Sorority contestants are Inez

Tracksters Whip Vanderbilt, Cincy; Tony Dallas Paces Team

By Bob Gorham

Kentucky's track team kept their undefeated record intact last Thursday, by easily defeating the Vanderbilt Commodores at Nashville, 78½ to 52½.

The Wildcats piled up 11 first places to Vandy's four, running one-two in three events. They captured five second places, while the Commodores got ten, and added eight thirds to Vanderbilt's five.

Captain Tony Dallas led the Blue and White thinsies with a triple. He won the 120-yard hurdles, the 220-yard low hurdles, and the high jump. He also was third in the broad jump, and ran with the winning mile relay team.

Johnny Meihaus, one of four football players added to the squad recently, won the 100-yard dash and the 220-yard dash. Dopey Phelps, Al Bruno and Ralph Genito, the other gridiron men, also gave creditable performances. Phelps was second in the 100, Bruno took two seconds in the discus and javelin, and Genito was third in the 220.

Vanderbilt's diminutive distance star, Charley Robinson, suffered a broken leg on the sixth lap of the two-mile race, but put on a driving finish to wind up only three yards behind the winner, Kentucky's Dick Griffith. It was first believed that he had suffered a pulled muscle, but X-rays the following day showed a fracture.

Kentucky's next meet is with Tennessee on May 7. It will be run under the lights on Stoll Field, beginning at 8 p.m.

Cincy Meet

The UK Wildcat track team opened its 1949 season by meeting the University of Cincinnati Bearcats by defeating the Bearcats 68½ to 53½ in the Queen City, Saturday, April 9.

The Wildcats were undefeated during the 1948 season with only a 65½-65½ tie against Tennessee on the record to ruin a clean slate.

Captain Tony Dallas paced the Kentucky team to its uphill victory over the Cincinnati crew. He won first in the 120-yard high hurdles, 220-yard low hurdles, and the high jump. He also placed second in the broad jump and was a member of the winning mile-relay team.

Kentucky pulled the meet out of the fire by sweeping both hurdle events. But perhaps the most dramatic event was the mile relay when George Kirchner, running as anchor man, caught up with Cincinnati's Fey in the last 50 yards after Kentucky trailed all of the way. Kirchner won with several yards to spare and ran the final 440 in what one timer clocked at 49 seconds.

The summaries:

Baseballers Play Georgia Today

The undefeated Kentucky Wildcats go into today's baseball game with Georgia, the Southeastern Conference leaders with five straight wins, four of them conference tilts.

Ray Mignerey, winner of his two starts this year, is scheduled to be on the mound when the Cats tangle with Coach Charlie Trippi's Bulldogs on the Stoll Field diamond. Southpaw Walt Hirsch will face Georgia's hard-hitting left-handers tomorrow.

In the Cats games with Vanderbilt, Monday and Tuesday, Roy Ford will do the hurling, with Mignerey back on the hill again by Tuesday.

New Baseball Coach

If the slugging Kentuckians can whip Georgia, they will be in a good position to cop the Conference crown, a thing unheard of on Bluegrass diamonds prior to the appearance of Coach Randy Phillips.

Phillips is perhaps the first man ever hired by UK to coach baseball, and baseball alone. The tall Alabamian played football at Kentucky for three years, graduating in '39. He and football coach Frank Moseley built a baseball diamond by themselves during the Easter vacation of '38 and started a team.

Played Two Years With Baltimore

The team wasn't much but the big first baseman attracted a lot of attention. The Baltimore Orioles, top minor league team, grabbed Phillips as soon as exams were over and alternated him in the outfield and on first base for two years.

However Uncle Sam ended a promising baseball career when Phillips was inducted in the Army in January of '41. He played just three games during his six summers in the khaki and didn't even bother to stoop over and pick up a glove after his discharge. He was working in the Veterans Administration, when Coach Moseley asked him to take over the baseball team.

Phillips gives all his instructions in a slow, quiet Alabamian drawl but makes them concise. Before the season opener against Georgia Tech after a half hour discussion he told his pitchers, "Now if you don't know what to throw these batters, just strike 'em out."

He's nervous as a shorted electric fan during a ball game. Jams his hands in his hip pockets; takes them out; folds his arms; stands on the bench; gulps dippertfuls of water; paces the dugout. But he's all smiles after a victory.

Beat Tech 14-7

Big Walt Hirsch and Third Baseman Dick Ramsey hit home runs and Allen Hamilton slammed two triples as the Cats banged out a 14-7 triumph against Georgia Tech in the season opener.

Spiked Shoe Relays To Be Held April 30

By Earl L. Conn

The first annual University of Kentucky Spiked Shoe Relays for high schools will be held at Stoll Field April 30 under the lights. More than 30 schools from the State have indicated that they will send teams to the relays.

The event will be composed entirely of relay runs. Relay teams representing fraternities, independents, and sororities from UK will compete in the University division.

Kentucky's track coach, Don Cash Seaton, will be director of the relays. He has announced a six-event schedule for the high school teams and three 880-yard relays for the University teams.

Independents will compete in one 880-yard relay and fraternities in another. Four teams selected from the UK varsity and freshman teams have been selected by Seaton and each will be selected by a sorority to represent them in the sorority 880-yard relay.

The four teams will be captained by varsity Captain Tony Dallas, Ralph Genito, Johnny Meihaus, and Don Phelps.

Coach Seaton added there is a possibility that one of the US Olympic stars will present an exhibition at the relays. Efforts are being made to bring Harrison Dillard, hurler, from Baldwin-Wallace.

UK Troopers

Entertainment will be provided by the UK Troopers who will present

a series of exhibitions under the direction of Bernard Johnson and clowns will add to the festivities.

Golden Spiked Shoes will be presented to the winning and second place teams in all of the high school events. The Spiked Shoe trophy will be presented to the winning school for all events.

Trophies will also be presented to the winning teams in the University relays. These events will be run as part of the UK intramural

program and the trophies will be given by campus athletes.

If preliminaries are necessary in the University relays, they will be run off Saturday afternoon.

The events listed in the high school division are as follows: 440-yard relay, distance medley, 380-yard relay, shuttle-hurdle relay, sprint-medley relay, and the mile relay.

The competing schools have been confined to Kentucky teams this year, but teams from neighboring states probably will be invited in following relays.

Paul "Ears" Young, UK track student manager, is acting as the student director for the affair and is planning the University division.

RECORD DEPARTMENT

"Where can I get a job with a chance to get ahead?"

MANY a young man, looking forward to graduation, is asking that question. He wants a job that will allow him to make full use of his abilities. He wants an opportunity to advance to higher responsibilities—to win the success he wants in the business world.

Here at Harvester we are sympathetic to ambitions like these. Any young man taking a job at Harvester can rise as far as his knowledge and abilities will take him. We believe in keeping the door of opportunity open for all.

Our company follows the policy of promoting men from within our own ranks—both as an inducement to good men to stay with us, and as a reward for outstanding performance.

You need only to glance at the records

of the men in our top management group to see how this policy has worked:

Of our 15 executive officers, six started in our sales operations—as warehouse clerk, salesman, service man, clerk and two as parts department helpers.

Four others started in the head office, as industrial relations man, accountant, clerk and office boy.

Three were professional men—a lawyer, an engineer, and the third who had had a distinguished career outside the industrial field.

Two began in our factories—as student employee and clerk.

So you can see how this policy of promotion from within has worked out today for these executive officers. In earning their present positions they have had an average of 28 years of service with the Company. The path these men followed to their present positions is open tomorrow to others. Every young man who joins our organization can be sure he can go as far as his capabilities will take him.

Olympiads Beat Diddle's All-Stars Saturday, 80-65

The Kentucky Olympiads, composed with one exception of ex-Wildcat basketball standouts, defeated the Western Kentucky College All-Stars, 80-65, in a thrill-packed game before a capacity crowd in Louisville's Armory last Saturday night.

It was a brilliantly played contest from start to finish, with the Olympiads' superior class telling in the final stages of the game.

Former UK players who participated were Alex Groza, Ralph Beard, Cliff Barker, Wah Wah Jones, Ken Rollins, Joe Holland and Paul Noel. Fairce Woods, of Kentucky Wesleyan, was the only "outsider" on the team.

The ex-Cats jumped to a 4-2 lead to start the game, but were behind later, 11-10. Then Groza slipped in a crisp and the Big Blue never trailed after that. Groza led both teams with 23; Jones, who played just as brilliantly as Alex, flipped in 20 points from all over the court. Don (Duck) Ray and Odie (Specky) Spears were high for Ed Diddle's losers with 15 each.

Scoring summary was:

Jones (20) ... F ... (15) Ray
Holland (9) ... F ... (15) Spears
Groza (23) ... C ... (3) McKinney
Beard (8) ... G ... (2) Gibson
Barker (6) ... G ... (11) Oldham

Reserves: Olympiads — Rollins (10), Woods (4) and Noel. Western: Towery (5); Parsley (14) and Sydnor.

Linksmen Play Miami Saturday; Then SEC Meet

The UK golf team will participate in the SEC tourney at Atlanta April 27-28-29. They are scheduled to meet the University of Miami (O.) team here Saturday.

The linksmen dropped a close decision to the University of Georgia Monday at Athens, Ga. The Bulldogs won the event 9½-8½ as Craig Wright, UK number four man, was the only Wildcat to win his match. Wright defeated Dick Martin of Georgia 2 and 1 after shooting a 37 on the first nine.

Kentucky's number three man, Marvin Lear, lost his match to Wilkens Kirby of Georgia. However, he won numbers 17 and 18 for a back nine-point victory.

Johnny Owens, Kentucky lead-off man, halved the front nine with Howard Spears of Georgia and then birdied number 16 to gain a back nine split. His 76 scoring led all of the Wildcat team. Jack Asher of Kentucky lost to Owens of Georgia 2½-1½ in their match.

Tech Takes Match

Last Saturday the Wildcats dropped their match with Georgia Tech 17½-1½ as the Ramblin' Wrecks swept every match in the meet. The Wildcats were only able to pick up one tie nine and thereby gain their one-half point.

Dick Swan paced the Engineers to their one sided triumph as he shot a 71—even par for the course—to lead both teams. Johnny Owens and Jack Asher both shot 76's for the Wildcats in the meet while Marvin Lear stroked an 81. Craig Wright, fourth UK golfer, shot a 78.

UK 16½, UT 1½

Earlier, last Thursday, the Wildcats had won a smashing victory of their own as they stopped Tennessee 16½-1½ with the Cats winning every match.

Johnny Owens paced the Kentucky club shooting a blazing three-under-par 69 over the Holston Hills Country Club course. Tennessee's top man, Bieman McKenzie, shot a 71 but he was matched against Owens and lost his match 2½-1½.

Summary of the Georgia meet:

Georgia 9½; Kentucky 8½

Five of the players on the Olympiads, composed chiefly of former Kentucky Wildcat cage stars, are shown above shortly before taking off for Paducah Monday for their game with the Benton All-Stars. The other members of the team joined them at Paducah. The Olympiads play tonight at Middlesboro against LMU of Tennessee; Saturday at Harlan against a local all-star quintet; and Monday night in Owensboro for another round with Ed Diddle's Western Kentucky All-Stars. The Olympiads donated proceeds of their first four games to charity, which amounted to approximately \$5,000.

TENNIS COURTS

Weather permitting, the clay tennis courts, opposite the Men's Dormitories, will be ready for use sometime this week, according to Dr. Don Seaton, head of the physical education department.

Work on the courts began Tuesday afternoon and will be completed as soon as possible, he said.

Opening of the courts has been delayed because of the weather and the soundings being taken by the engineering staff for a new chemistry and physics building, which will occupy that area, in the future.

Construction of the building will not begin for some time, however, and the courts will be available this spring and summer, Dr. Seaton said.

Footballers Tangle At Newport Saturday; Grid Clinic Apr. 29-30

Football makes its 1949 Northern Kentucky debut tomorrow night in Newport, site of the third Blue-White spring practice game. This tussle was originally scheduled for Louisville.

Following a lay-off of several days, the Cats returned to the gridiron this week to begin a gruelling two-week practice session that will have its wind-up April 29. That is the date of the final intrasquad exhibition tilt, which is billed for Stoll Field that night.

Series Opened

Each team has emerged victorious once thus far, the Whites taking the opener, 26-6, in Paintsville, and the Blues coming through with a 19-13 decision in a thriller two weeks ago at Madisonville.

Whites Win Opener

Here is a scoring summary of the first two intrasquad games:

In the Paintsville game, Cliff Lawson scored the lone "Blue" touchdown, in the fourth quarter,

on a three-yard line buck. Lee Truman put the "Whites" in front in the first quarter on a 10-yard off-tackle plunge. In the third quarter, Bill Boller scored from the five and Shorty Jamerson from the 39, to give the "Whites" a 19-6 lead. In the final quarter Clayton Webb

went off tackle from the six, to give the "Whites" a 26-6 victory. Gain converted all the points.

Blues Come Back

The squads were more evenly divided according to strength for the second game, which explains how the "Blues" jumped into the win column.

In the second period, Quarterback Ed Vanek passed to End John Negoskie from the third-yard line, to send the "Blues" ahead permanently. In the third quarter Shorty Jamerson increased the lead, scoring from the eight on a right end sweep. The "Blues" scored again in the third period, when Vanek

DisKintucky Sports Review

— By Tom Diskin, Sports Editor —

Bill McCubbin, director of intramural sports, has been seeking to get the University to install night lights on the IM field behind the Student Union Building as soon as possible.

We feel that this will help solve a big problem now, that is, allowing the expanded IM program better playing facilities.

At the present time, the softball competition has been very limited because of the weather and the shortage of playing fields. Sometimes in the past the softball teams have been able to use four different diamonds. But right now, the varsity football team is utilizing two of them for grid practice, while the third is being used by U-High for baseball workouts. That leaves only one which must accommodate over 20 teams and 300 players now engaging in IM softball play.

As things stand now, a team is fortunate to play each week. Sometimes, it is two weeks between games. Because of afternoon classes, games cannot start before 4 p.m., which means that only two contests can be squeezed in before darkness — one at four, and another game starting at five o'clock or thereabouts.

Night lights seems to be the only solution to the situation, for with them intramural softball, as well as some of the other sports, can then be held at night and as many as four games and eight teams can play in one evening, provided the weather is good enough.

Intramurals under the arc lights are quite common throughout the South. Texas, Vanderbilt, North Carolina, LSU, are just four of the schools that have been able to expand their programs as a result of night lights.

It will be almost tragic if these funds are not appropriated for the IM program which affords about the only physical exercise many of the students of UK ever get while at the University.

Ruppmen Invited To Sugar Bowl Tourney Again

Coach Rupp's Wildcats have been invited to return to New Orleans next December 29-30 for the annual Sugar Bowl basketball tournament. It was announced last week by Basketball Chairman Sam Corensweat.

In addition to Kentucky, another SEC team has also been invited, the Tulane Greenies. Representing the Midwest is Bradley University, which will replace St. Louis U., winners last year.

Villanova of Philadelphia was awarded the Eastern nomination. Last December, Holy Cross was selected from the East.

Bradley and Villanova finished in the semifinals of the NIT and the NCAA respectively this March, while Tulane was in the SEC finals with Kentucky. The Greenies from New Orleans lost only four games last season, three being to the Big Cats of U.K.

TIPS ON TOGS

FORE . . . If you are a golfer and getting set to tee off on your favorite course, you will like the new "T" shirts I have by Marlboro. These shirts are woven in interesting designs with knitted crew necks, bottoms and sleeves and the weight is fine. Another snazzy "T" shirt by Marlboro is the Jerdange made of white jersey with penny size polka dots. These are selling very fast and I have only a limited supply.

LARKIN . . . J. V. Larkin, that is, of Sigma Nu is sporting a new spring sport coat these days that we made for him of grey worsted flannel. He is tall and slender and I personally think he used good judgment in picking a material of this type. The style he selected is also very good — four patch pockets with inverted pleats and side vents in the tail of the coat. He has good taste!

BUDGET . . . If you are operating on a budget—and who isn't?—then you should take advantage of our "after Easter clearance sale." All of our suits—regardless of brand—have been drastically reduced to make room for our summer stock. Take a tip from me children—now is your chance to make a wise purchase and save money at the same time—and that ain't hay!
